Re: Engineering Services Agreement with Binkley and Barfield, Inc. for  
Design of a Bridge on County Road 317 @ Wilson Creek  
Bond Project No. 07-0028

The Engineering Department requests Commissioners Courts authorization to enter into an Engineering Services Agreement in the amount of \$86,600 with Binkley and Barfield, Inc. for design of a new bridge on County Road 317 @ Wilson Creek. This structure will replace the existing bridge, which had a deck failure temporarily repaired several weeks ago.

Since this is a new bond project, we are requesting that funds totaling approximately \$132,500 be moved from the following completed project accounts to cover the cost of design, right-of-way acquisition and utility relocations:

**Bond Project 07-102 – County Road 408 @ Bomars Branch**  
**Bond Project 07-106 – County Road 127 @ How Branch**  
**Bond Project 07-107 – County Road 617 @ Branch of Hickory Creek**  
**Bond Project 07-109 – County Road 655 @ Branch of Brushy Creek**  
**Bond Project 07-110 – County Road 593 @ Price Creek**  
**Bond Project 07-112 – County Road 134 @ Honey Creek**  
**Bond Project 07-114 – County Road 463 @ Branch of Sister Grove Creek**  
**Bond Project 07-0016 – County Road 132 @ Long Branch**

Binkley and Barfield's proposed scope, fee schedule and a location map are attached for your review and we will be available to answer any questions you might have regarding this project.
